Jennifer Donnan via email at Jennifer.donnan@mun.ca

Dr. Jamie Caro

Chief Scientist, Evidera Inc.
Adjunct Professor Department of Epidemiology & Biostatistics,
Faculty of Medicine
McGill University

Jamie Caro's research program is in the area of methodological developments in health technology assessment — in particular in the design of economic models and related analytic techniques — and on the application of epidemiologic principles to this emerging field.

2017 Annual Conference

Oct. 23 - 24, 2017

MaRS Discovery District Toronto, ON

**Patient Engagement and Outcomes:
Taking It To The Next Level**
